Périgueux to Les Lavandes

We wish you a safe and pleasant journey and remind you that the speed limit in most French towns is 50 kph (30mph). The town nameplate indicates entering a restricted zone, when you see the town nameplate with a red line through it you have left it. Look out for the Gendarmes, because they're looking out for you!

We are situated approximately 8kms (5 miles) from Le Bugue and 6 kms (4 miles) from Ste. Alvère on the D703. We are 36 kms (22 miles) from Bergerac, 40kms (25 miles) from Sarlat and 45kms (28 miles) from Périgueux.

Driving time approx: 57 minutes
Distance: 45 kilometres. 28 miles.

Take the D6021, then D6089 out of Périgueux towards Les Eyzies and Sarlat. Carry on until you come to the roundabout at the Route de Lyon. Take the second exit here onto the D2 – Route d'Atur. Just past the Atrium turn left at the Impasse Jean Racine back on to the D6089. At Ste. Marie de Chignac the road becomes the D710. Keep on the D710 all the way to Le Bugue passing through Les Versannes and La Douze.

In Le Bugue follow the one way system past the Gendarmerie on your right until you come to the fire station. Bear right here past the Hotel Le Cygne and you are now on the D703. You should just be able to glimpse the Vézère river on your left. Continue for approximately five miles past the turnings for Limeuil and Paunat on your left and La Plumardie on your right.

As you approach a wide left hand bend you will see a group of small white signs on your right marked La Plumardie, Borderage and Les Lavandes. Turn right here and follow the track round past the little farm, for half a mile. As the track bends right for La Plumardie, carry straight on past the green letter box and sign for Les Lavandes, follow the white wire fence around the field to the parking area.
